Dear Lumana Therapy Family:

***Your safety and wellbeing are our top priority!***

We are following all CDC guidelines very closely. Our staff continues to put forth extra time and effort to maintain the cleanest and healthiest environment for our patients. It is our intent to keep our doors open for as long as we can, keeping in mind that maintaining the safety and well-being of our patients and staff is our top priority.

We are a family and will continue to behave as one. Please do not hesitate to contact us if you are in any need. We are a small business but we consider our patients part of the Lumana family and would like to help in any possible way.

**Please remember that the best way to help combat COVID-19 is to stay home if you are sick, to practice social distancing, and to wash your hands frequently.**

Please stay safe and stay positive. These are uncertain times but we believe we can get through this together.

Warmest regards,

Lumana Physical Therapy & WC Staff
